

8

1841. The 1st of April. The weather was
very warm and the sun shone
all day. The wind was from the
south and the sea was very
calm. The water was very
warm and the fish were
very fat. The birds were
very noisy and the
insects were very
active. The weather was
very warm and the sun
shone all day. The wind
was from the south and
the sea was very calm.
The water was very warm
and the fish were very
fat. The birds were very
noisy and the insects were
very active.
